

The Half Quartet

Contemporary Jazz Duo

Making great music for your perfect day

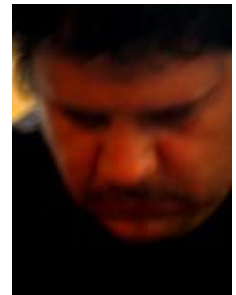

Among romantic styles, The Half Quartet perform accessible and entertaining music, largely in a Jazzy Style that is unique, fun and also evocative, to a high standard; The Half Quartet can perform at various aspects of your wedding.

Based in the South West, The Half Quartet has a substantial track record of performing for weddings in Devon & Cornwall, amongst a plethora of public performances too.

Potential choices of popular sections of the wedding you may like to consider:

- 1 After the ceremony and before the wedding breakfast*
- 2 During the ceremony (before, during & shortly after)*
- 3 During the meal*

...or of course a combination of the above.

As a duo, the sound is quite full and textured and is ideal for creating a memorable atmosphere. If preferred the duo may also expand to a trio or quartet. This provides a slightly livelier sound which may suit your taste.

The length of the performance is set at two hours, but of course we can negotiate other alternative durations; this will also include breaks and all equipment is provided. The performance is subject to contract.

Please do not hesitate to make contact to discuss your requirements; we both look forward to it.

Review Snippets

“They are now finding themselves in increasingly high demand, and it's not hard to see why. “

“With Alex demonstrating passion and panache at the keyboard and some incredibly agile, yet seemingly effortless, playing from Matt, the duo make a compelling combination.

Clare Robinson, Evening Herald
